JANE AUSTEN AND COLETTE IN MUSIC AND WORDS

Submitted by Bob Strichartz for Danby Comm.Council

The first event in the Danby Community Council's 2008 concert series will be held at 3pm on Sunday, Feb 17 in the Danby Town Hall. This will be an unusual event blending readings from authors Jane Austen and Colette with performances of songs related to their writings. Maggie Cole, piano, and Jane Streeton, soprano, join actress Maggie Henderson for this performance.

The program begins with music from Austen's personal collection of works, including a song which sets words—copied in her own hand—to a piano piece by Haydn. These selections are interspersed with entertaining excerpts from her novels. The program continues with Colette's written portraits of her friends Ravel, Debussy, and Poulenc, together with songs by these composers, and closes with songs from *Gigi*, Colette's original play (which she adapted for the Lerner and Loewe musical).

The artists are visiting from England. Maggie Cole has performed on BBC Radio and recorded on Virgin Classics, Chandos, and Avie. Jane Streeton was graduated with honors by the Royal College of Music. She has sung with the English National Opera and the English Bach Festival and has recorded on Hyperion for Opera Restor'd. Maggie Henderson was a member of the Cambridge Footlights and has long been associated with BBC Television's *Children's Programs*. She has appeared in the American television film *Indiscreet*, the BBC drama series *Kinsey*, and the Disney comedy *Stick with me, kid*.

This program is supported in part by the Community Arts Partnership of Tompkins County, which recently announced a \$1,000 award supporting the 2008 DCC Concert series. This program has also received support from individual contributors. All programs in the concert series are free and open to the public. Weather is unpredictable in February, but this will be an event well worth sloshing your way to the Town Hall to hear. ❀

FIRE STATION VOTE INFO

Submitted by Deanna Bowles

The Danby Fire Station is in need of additional space and renovation. The building has had few modifications--only those required for normal maintenance--since it was built in 1968.

The Danby Fire District serves the Town of Danby, an area of 54 Square miles. Danby's population is growing steadily; 161 housing units have been added since 2000. For the past five years, the Danby Fire District has averaged 177 calls per year, and the Danby Fire Company has been the first responder on 112. Approximately 34 percent of responses are for fire or related hazards; the remainder are for EMS/Rescue.

Currently, four vehicles are housed in a building designed for three. Due to state mandated records retention requirements, additional office space is required for the Chief's and the District Offices. The District Office occupies space originally intended for the West Danby Chief's office.

The meeting room and kitchen facilities are inadequate for public events such as pancake breakfasts and community meetings. Restrooms do not comply with current handicapped accessibility requirements. Insulation in the building is inadequate by today's standards; the vehicle bay doors, in particular, are in poor condition and provide little weather protection. The truck bay floor drainage system needs to be corrected due to deficiencies noted by the DEC.

A Building Committee made up of Fire Company and Board of Commissioners Members has been working with an architect to develop an expansion plan. The goal is to support future needs of the growing community in a cost effective manner while maintaining the aesthetics of the existing structure. We recognize that this is an expensive undertaking but one that should support future community needs.

Estimated costs are as follows:

Total cost	\$1,100,000
From Reserve Fund	230,000
From 25 Year Bond	870,000
Estimated tax increase	31¢ per \$1000 assessed value

At their meeting on January 3, the Commissioners scheduled a hearing for public input on January 24 as well as a public vote on a referendum to approve bonding of \$870,000 for 25 years on Tuesday, February 12, 6-9pm, at the Danby Fire Station (1780 Danby Road) and the West Danby Station (47 Sylvan Lane). ❁

Unknown bones, untold secrets, and unsolved crimes from the distant past cast ominous shadows on the present in the dazzling new thriller from New York Times bestselling author Tess Gerritsen.—from the book jacket of *The Bone Garden* by Tess Gerritsen.

Our first “workbee” of the new year was successful and we invite all interested to join us the first Wednesday of every month at 6:30pm to work in the library and learn new skills.

We have been processing 5 boxes of new materials, so look for new titles in all collections. We will be ordering titles for a Winter Reading List as well.

Library Volunteer of the Month—a Mystery!

Who? Your name here.

What? Parent, grandparent, doctor, lawyer, homemaker, student...fill in the blank.

When? As soon as possible—we train you!

Where? Danby, New York, USA, the World.

Why? It's a great place to volunteer, great people, and access to books, movies, and community.

Please come to visit the Danby Community Library, meet our wonderful volunteers, and consider joining us! ❧

SUPERVISOR'S UPDATE

Submitted by Ric Dietrich, Town Supervisor

Happy New Year. I hope you enjoyed the balmy first few weeks of 2008.

There is interest in a plan to bring a cooperative grocery/restaurant to Danby. For those of you who haven't filled out a survey yet about this possible project, the surveys are available at the Danby Town Hall and will be available at the pancake breakfasts hosted by our fire department.

Our Small Cities Grant application is finished and we should soon know whether we have received the monies that will be the first step on a plan to develop our hamlets. The planning board is the lead agency for this endeavor and, if we receive this grant, they will be looking for residents to sit on the hamlet advisory board.

The task force—initially formed to advise the town on implementing parts of the Town's Comprehensive Plan—that was abandoned by the Town Board last year will be called together for a session sometime this winter, and will to discuss whether they wish to work on further projects.

I will be holding an informational workshop on some interesting new wind generating technology. Unlike traditional wind turbines with big revolving blades on high supporting structures, this new technology can be mounted on buildings or telephone poles and function on very low wind speeds. Please watch the Danby Area News for information about date and time for this workshop.

Last—and not least—a reminder to please comply with the state mandate that went into effect recently re: house numbering. The fire department can explain how you should number your house in a bold and consistent manner. They are currently selling signage to residents to be mounted in front of our houses so you can be located quickly in an emergency. The house you save may be your own! ❧

ON THE SILVER SCREEN

Submitted by Eloise Greene

Mark your calendars for Saturday, March 15! Ithaca College professor and documentary producer Gossa Tsegaye will screen his most recent documentary *The Jungle*, about the homeless encampment in Ithaca, at 7pm in the Danby Town Hall. ❧

TOWN TALK EXPLAINED

Submitted by Gay Huddle, Danby Town Talk Columnist

I'm listed as an "Ithaca Journal Correspondent" in the Danby Area News.

Actually, that is not my role. A few years ago the Ithaca Journal decided to re-instate "town talk columns." When I read they wanted a columnist from Danby I immediately responded and Gannett "hired" me as a free-lance writer to do the Danby Town Talk column which runs in the Ithaca Journal every other Thursday.

I can tell you that I have received lots of positive feedback from Journal readers from all the towns around Tompkins County, as well as e-mails, messages left on my phone, and written notes from far and wide (many people read the Journal on-line). While I get a check from Gannett for writing this column, I write if FOR THE TOWN OF DANBY/WEST DANBY AND ITS RESIDENTS. I am actually more of a correspondent for folks in those towns, which is as it should be! That's why I am always asking for story ideas, news, contributions.

This is column is for Danby and West Danby, and I am always happy to receive news, as well as pictures. Without feedback, I would struggle to fill a whole column, and I sure don't want that! Please put me on your mailing lists and let me know about community events, as well as "short" news about new babies, marriages, promotions, special vacations, recipe ideas, gardening tips, and so on.

Some of the words I write in this column come from my heart and my own experiences, but mostly the stories come from YOU, making your homes and raising your families in Danby/West Danby. If a story comes to me and I feel the column is not the appropriate venue for it (for whatever reason), I will respond accordingly. Otherwise, I make every effort to get all info into the column! The more, the merrier! Thank you and I look forward to hearing from you. Gay Huddle, Danby Town Talk columnist. ❁

NOT A FIRE, JUST THANKS

The Danby Federated Church thanks all the women and men of the Danby Fire and Rescue and the West Danby Fire and rescue for their fast response to our recent fire call.

While rehearsing for our Sunday services on Wednesday evening, January 16th, we detected a burning odor coming from the air vents and what appeared to be smoke. We called 911 and, within minutes, the Danby Fire and Rescue arrived—and West Danby soon after. After a thorough search of the church, nothing—fortu-

SAFETY UPDATE

Submitted by Sue Beeners, Code Enforcement Officer

Address Signs: Can We Find You?

Many thanks to the Danby residents who have installed adequate address signs. But have you driven around town and seen how many properties are still so poorly marked that finding them—even in daylight—is a chore? Imagine trying to find these properties at night or in a storm!

State Code requires that all occupied properties have address numbers clearly visible from the street. The numbers must be 4 inches high, and on a contrasting background. Reflective numbers are the best. Address numbers should be placed by your driveway entrance, visible from both directions on any road. Emergency Responders need to find you!

The Code Enforcement Office will issue notices to properties without compliant address numbers in the near future.

If you choose, you can purchase address signs through the Danby Fire Company by calling Neal Franklin 607.273.3831, or through the West Danby Fire Company by calling Steve or Marrell Cortright at 607.564.0020. The Danby Fire Company will also be taking orders for signs at the upcoming pancake breakfasts. Both Fire Companies can help with sign installation. See the January edition of Danby Area News for more information on these signs.

Before installing any new posts for signs, please call 800.Dig.Safely, to have underground lines marked.

Stove Safety / Ashes, Ashes

This warm winter can mean Creosote Buildup. Make sure your woodstove, fireplace, or coal or pellet stove chimney is clean.

When cleaning out your stove, a good rule of thumb is that ashes can be hot ashes for longer than you know. Put the ashes in a metal container outside, made for that purpose, and on a noncombustible surface, until they can be safely disposed of.

Please:

- Don't put the metal container on a wood surface
- Don't store ashes inside
- Don't put ashes in combustible containers
- Don't dump ashes on dry, inflammable ground
- Don't dump ashes during winds! ❁
