DANBY GOES BATS

Submitted by Sherwood Snyder

The Wonderful World of Bats and Bat Detecting

I would like to invite people of all ages to join me on a "bat walk". Come and learn about the bats in our region.

On Sunday, May 17, we will use bat detectors to hear bats' echolocation calls as they search out and eat their insect dinner. Be prepared to see (and hear) these often misunderstood animals in a new light.

I am not a bat biologist but I design bat detectors for a living. I know, I know, it is still strange to me, too. I will provide a nice overview of the bats around us and why they need our help, but my main expertise is in the electronic gizmos that are used to detect bats--and in the echolocation calls the gizmos detect. I will dive into those subjects and will have several types of bat detectors on hand. I'll demonstrate how to use them before we where them and go outside.

We will meet in Danby's Town Hall at 7:15pm for a talk and then head out to Dotson Park, across the street, at 8:15pm for our walk. Sunset is at 8:20pm, so it should still be bright enough to see what the bats are doing in the sky as we hear their calls.

MISS ANGIE'S KID SHOW

Submitted by Alison Christie

Where else can you find great foot stomping, sing-along songs that the whole family enjoys, a huge box of instruments, a 12 foot parachute and a shadow puppet theater? Well, at Miss Angie's Kid Show, of course!

Where and when? In Danby's Town Hall on Sunday, May 3, 2015, at 2pm. Note the special, earlier time of day that makes it easier for whole families to attend.

Bring the family for an afternoon of true interactive, musical enjoyment! Miss Angie and Mr. Leon of Music & Motion team up to give you all the songs that you love from the CDs! Kids go crazy for these wild and heartfelt musical adventures.

CDs available for purchase. Refreshments served. Fun guaranteed. ❁

23RD ANNUAL PLANT EXCHANGE

Submitted by Dan Klein

The 23rd Annual Plant Exchange will take place on Sunday, May 17, 1-3pm, at the Danby Fire Station on NYS Rt.96B. This free event is an opportunity to swap, donate, and try new perennials, houseplants, seeds, annual seedlings, and anything else garden related.

It is not necessary to bring a plant in order to get a plant, nor is it necessary to stay the whole time.

It's better to divide plants in advance so they don't suffer in the heat on the day of the Plant Exchange. So start dividing perennials, planting a few extra annuals, and taking houseplant cuttings. Also, if you can, label what you bring.

For more information contact me at 607.272.7582 or [danbydan@hotmail.com]. ❁

TOWN CLERK'S DESKTOP

Submitted by Pamela Goddard, Town Clerk

Spring is finally arriving and we're having a bit of spring fever in the Clerks' Office. Here's a wee bit of what's happening with our support staff, Deputy Clerks Sue McLellan and Mary Ann Barr. Mary Ann Barr is not only a conscientious and meticulous archivist for our historical town records, she is also a recognized artist. You may see her paintings and drawings at Brookton's Market in Brooktondale and in other gallery spaces around Ithaca.

We send a well deserved "Congratulations" to K-9 Sargeant Tyson, a beloved black lab who is living with Sue McLellan and fellow retired Marine Mike McLellan. On April 15, Tyson was honored by the Red Cross as a military hero. During two tours of service in Afghanistan (and one in Iraq), Tyson specialized in sniffing out Improvised Explosive Devices, drug detection, and patrol work. Two years ago, after suffering wounds--but no lasting injuries--from a bomb blast, Sargeant Tyson was decorated and honorably dis-

charged. He went into the adoption lottery, and Vietnam Veteran Mike quickly bonded with his new canine friend. Tyson has learned to help Mike with his war-related disabilities, learning to pick things up (overcome earlier training not to put things in his mouth) and easing stress when Mike feels down.

We always enjoy Tyson's gentle, happy visits to Sue when Mike swings by Town Hall. Clearly Sargeant Tyson is thriving in his well-deserved military retirement and has made a smooth transition to civilian service. As is true in most other New York State Towns, Danby is pleased to offer a license fee exemption to retired "War Dogs" and other service animals.

In other news, we have had a lot of extra meetings and lengthened meetings during the past month. You will find extra sets of minutes for these minutes on the Town web site, under "Boards and Committees."

Some of these meeting have been to facilitate the process of re-staffing the Code Enforcement office. Code Officer Matt Cooper is moving to New Mexico at the end of May, where he will pursue a graduate degree in architecture. We look forward to working with new staff. Paul Hanson (a Danby resident) will be the new Zoning/Code/Fire Officer. During the 1980s, Hanson

worked for the Town of Ithaca Zoning office as a building inspector; more recently he's been doing home inspections for bank loans from the Alternatives Federal Credit Union. At the same time, he has operated a private construction and design business with a specialty in LEED and green construction.

The Code office and Clerk's office work closely together. We process the funds that come in for building permits, land division fees, etc. We also collaborate on documentation and notification of new addresses and public hearing matters and official resolutions which need to go before the Planning Board and the Board of Zoning Appeals. This is an exciting time for the Code Office, and we're happy to support them.

Through mid-May, the Town Clerk's office is open 10am-5pm Monday, Tuesday, Wednesday, and Friday, and 10am-Noon on Saturdays. During the summer and gardening season, the office is closed after Mother's Day weekend, but hours can be arranged by special appointment. As always, we are closed on Sundays and Thursdays, and there are chocolate kisses in the candy bowl.

COUNTY LEGISLATURE UPDATE

Submitted by Dan Klein, County Legislator

I remember first hearing about fracking in 2007 from Town of Danby Supervisor Ric Dietrich, who warned of an upcoming issue involving something called the Marcellus Shale. It was not on most people's radar yet. I did not realize at the time what a major concern this would become for so many people locally and statewide for years to come.

In 2011, I was proud to be a key member of the team that enacted a fracking ban in Danby. In 2014, New York State announced a statewide ban.

However, there are ways in which we are still vulnerable to the negative effects of the fracking industry. One involves the disposal of fracking waste coming out of Pennsylvania.

Part of the fracking process (and other petroleum extraction and storage operations) involves injecting large amounts of water into the ground. That water is brought back up, laced with salt, a variety of potentially harmful chemicals, and low levels of radioactivity.

A big problem for the fracking industry is what to do with that contaminated water. One solution (pardon the pun) they have come up with is to sell it inexpensively to municipalities, who use it to spread on their roads to melt snow and ice.

I wrote (with a lot of help) and introduced a law, which the Tompkins County Legislature passed last month, making it illegal for this to happen in Tompkins County. The law stops anyone from disposing of this material anywhere in Tompkins County, including underground. It also prevents solid waste and wastewater treatment facilities from accepting fracking waste for treatment.

I am proud to be part of the efforts to keep our local environment clean and healthy, and our quality of life high. We should not take these things for granted.

Getting something like this passed is a team sport. I owe thanks to the attorneys who gave advice, the highway superintendents who will be most affected by this law, and the Caroline resident who first approached me with the idea.

As always, if you have comments or questions, I would be glad to hear them. Contact me at 607.272.7582 or [danbydan@hotmail.com]. ❧

JOYS OF JUNK MAIL...AND ZIPCODES

Submitted by Ted Crane

Living in two places can be quite an experience. A learning experience with unexpected prizes. For one, I've learned that I depend on junk mail.

For some time now, I've had two addresses in Danby: the old place in the Ithaca/14850 ZIPcode, where I've lived for more than 38 years, and the new place in the Spencer/14883 ZIPcode. The two are different in many ways, but I've been most surprised by how much a three-mile difference can make to the content of my US Mail mailbox. The three miles just barely crosses an arbitrary border imposed by the Post Office, and it's a different world out there.

So far, almost all of what little I've received in Spencer is what many people call, "Junk Mail." You know, unsolicited advertising. It sure looks like Spencer is wild about cars. All the junk mail seems to be brightly colored advertising on heavy paper, each one happily telling me that—if the attached car key works—I may have won a new truck. And, oh yes, maybe one or two sample local newspapers from Spencer/Van Etten...obviously wonderful towns, but towns that I usually pass through on the fly. I've been on foot in Spencer a only handful of times.

What I'm missing, it seems, is the wide variety of announcements that arrive regularly in my Ithaca mailbox. Restaurant coupons, department store coupons (I think Kohl's has given me well over \$100 of free merchandise), hardware store coupons, and more. I hear about the Flax sale in Ithaca. In Ithaca, I get a variety of telephone books. In Ithaca, there are few auto ads, except from the dealer/company whose car I drive.

It all makes me wonder whether Danby's "Spencer" residents are aware of the rich variety of useful junk mail they aren't getting. When the Postal Service divided Danby into different ZIPcodes, they may also have pigeonholed a lot of residents into inappropriate demographic regions.

After a few conversations, it sounds like Willseyville/13864 residents have the same issues, or worse, possibly because the 138xx ZIPcode region is based in Binghamton. Mail has to travel hundreds of miles through regional postal centers to get from Ithaca to the southeastern corner of Danby. Oddly, though, some magazines seem to show up weeks later in the

SUPERVISOR'S UPDATE

Submitted by Ric Dietrich, Town Supervisor

Danby certainly has been in the news.

Since January of 2014, we have almost constantly been dealing with land use and zoning and legal issues. It began with concerns about Marsh Road, continued with a special permit for Eagle Automotive on Danby Road, then the Hornbrook Road incident around New Years, development on Gunderman Road, and, most recently, the Unity House location on Nelson Road.

At times, these issues affecting our town—and our lives—seem to be moving faster than our ability to digest and comprehend them.

For the Town Board, as for myself, the intense and heartfelt public response to some of these issues has confronted us in overwhelming ways. It is hard for me sometimes to keep all the different laws that govern our Town separate. The decisions I contribute to are about the law, the rules that must apply to the understanding of a complex question, and not my feelings about the situation.

Danby Fun Day

Save the date! Danby Fun Day 2015 will be Saturday, July 11, 2015. ❧

In all the above cases, the public has turned out in solid numbers to listen to, and to advocate for or against on the issues. I believe the Town Board has tried to embrace residents' concerns while working to understand the best role the Town can play. The Board finds itself, more often than not, trying to sort out the laws that the Town must follow from the residents' passionate feelings about their neighborhoods.

The Town Board is the ultimate spell check for the Town, it is our job to make sure that we are being responsible stewards; not only for your tax dollars, but for the laws that govern the Town. I can stand back and believe that Danby is just a microcosm of all that is happening in the world, and that we are not cut off from the current reality that is going down all around us.

Change is happening, and a lot of stress comes from old perceptions giving way to new realities. These are not easy times for the residents of the town who find themselves immersed in the changes attached to these issues.

The long harsh winter is changing the landscape, the weather is warmer but the mud and drab landscape are evident everywhere. For the Town Board—and for the involved residents—none of these issues have gone away. We will be entering into spring and summer with many of these still on our agenda. As always, if there is an issue the Town should address, please contact me, [supervisor@townofdanbyny.org]. ❧

Danby Goes Bats, continued from page 1—

Since many species have distinctive echolocation calls, we will be able to determine what species we are hearing in the field.

There are nine species of bats in New York. Of them, the Indiana Bat (*Myotis sodalis*), is federally listed as endangered and another, the Northern Bat (*Myotis septentrionalis*), is federally listed as threatened; one or two more are well on their way to one of those undesirable distinctions.

It is a bit early in the season for returning migrators, so we will likely encounter only one or two species. But you never know, I have recorded six species over the years at our house on Muzzy Road!

Hopefully some of you will take up the hobby and continue in the busier summer months. Be warned: bat detecting is addictive!

This event is brought to you by the Danby Community Council. The DCC welcomes attendees to gather at 7pm for snacks before the 7:15pm talk. Please wear long pants and bring a jacket for our venture in the park. ❁

DEP'T OF CORRECTIONS DEP'T

In the April issue of the Danby News, the *Assessing Your Assessment* article contained a math error. In order to calculate the effect of the increase in *Total Assessed Value* on the example property's individual increase, one 9-digit number needed to be divided by another 9-digit number. Oops, got it wrong. The correct offset value of the 48 percent increase is 35 percent, not 28 percent. ❁

Junk Mail, continued from page 4—

Willseyville corner than they do in northern, Ithaca half of Danby.

And then there are the unexpected consequences that go beyond mail. It's not unheard of, for residents with Willseyville addresses to be charged different, say, automobile insurance rates because the insurers think they live in Tioga County. Apparently, car insurance rates are lower if you live in Tioga County. Why? Beats me!

The southern quarters of Danby, the Spencer and Willseyville corners, are not without benefits. There's a lot of open space and forests down there, and many homes border on, or are surrounded by, State Forests. Maybe all those trees are there because there's less junk mail? ❁

Don Schaufler led the Tree Walk in Dotson Park on April 18. Keep an eye out for more events in the park!

WEST DANBY EGGS HUNTED

Submitted by Alison Christie, photos by Ted Crane

The blustery, snowy weather could not deter our exuberant egg hunters from a fun-filled—and mostly sun-filled—romp at Hatch's Pavilion in West Danby: live bunnies, the Easter bunny, free books, games with Danby's Youth Program manager Karlita Bleam, and hundreds of eggs filled with candy and surprises. There was even a special egg, sponsored by Alternatives FCU, with several fossils for each child.

This annual event is organized by the steering committee of the West Danby Community Association. Once again we received a generous donation from Alternatives Federal Credit Union. Alternatives' sponsorship also funded our abundant snack table with yogurt, fruit, and bagels and cream cheese. Plus, freshly brewed coffee for the adults.

The Family Reading Partnership donated beautiful, hardcover books of poetry, and the Museum of the Earth donated ten complimentary passes that were hidden in eggs. We are grateful for the support from these community organizations; they have allowed us to create a fabulous event with wonderful treats for our local families. Besides the Big Bunny, we were again visited by Cassie's Lop Eared and Dutch Blue bunnies and, in a special treat, several three-week old baby bunnies!

Our thanks to the Hatch Family, too, who grant us the use of their pavilion and field to stage our event. See you next year! ❁

Community Council Spring Youth Programs

Welcome all to another wonderful season of Danby Youth programming!

Danby's Youth Program wants to meet your needs! Please visit [[surveymonkey.com/s/LVRXWGQ](https://www.surveymonkey.com/s/LVRXWGQ)] and complete the survey. Your answers will remain completely anonymous. Please contact me if you have any questions.

For more info about programs please visit our web site, [ccetompkins.org/4h/rural-youth-services/danby] or feel free to contact Karlita Bleam at [kb578@cornell.edu] or 607.272.2292.x222.

This season we are presenting:

Primitive Pursuits, Grades 3-5

Tuesdays April 5-June 9, 2:30-5:30pm June Pollack's (43 Hornbrook Road)

Learn ancestral living skills such as shelter building, native crafts and nature awareness. Explore the outdoors, go hiking and get moving! Please dress for the weather of the day (including rain and snow), wear clothes that can get dirty and bring a water bottle! Transportation by bus is available from South Hill Elementary.

Growing Girls Group (Secondary), Grades 6 to 8

Wednesdays, April 6-June 10, 4-6pm

Danby Federated Church

This is a safe space filled with creative activities that are designed for young girls living in today's media filled world. What does it mean to be a girl? Why does it matter? We will talk about the different issues girls face in the world, compared to boys. The conversations that transpire in this program are youth lead, unique, and inimitable. Pick up provided at dismissal. Transportation will be provided to the church from Boynton Middle School by van. Parents/guardians pick up at 6pm.

Growing Girls Group (Primary), Grades 3 to 5

EMPLOYMENT FOR DANBY YOUTH

Submitted by Beth Bannister, Youth Employment Coordinator

The Danby Youth Employment Program, offered by the Danby Community Council and Cooperative Extension Tompkins County, offers opportunities for first-time paid job experiences for Danby youth aged 14 and up.

Youth participate in basic job training, then are placed for up to 100 hours in job sites in Danby or the Ithaca area.

A wide variety of job placements are possible, including worksites such as summer camps, local farms and stores, college labs, special job training programs and more. In previous years, youth have been placed in Danby at the Youth Farm and in Town Hall.

For more information or get an interest form, youth should contact me at CCETC; phone 607.272.2292.x229 or Email [bab47@cornell.edu]. Space is limited, so please contact me soon for this opportunity! ✨

YOUTH GRANTS FROM COMMUNITY COUNCIL

Submitted by Julie Clougherty

Financial assistance for Danby youth, up to age 21, attending activity programs is available. It takes the form of a grant of up to \$100 per youth per year. The Danby Community Council administers these grants, based on funding provided by the United Way and the Town of Danby.

Grants are awarded quarterly for camps, lessons, after-school programs, and more. The deadline is June 15 for programs beginning in July-September.

Families who qualify for free or reduced-price lunch are especially encouraged to apply. For more information and applications, please contact [youthgrants@danbycc.org]. ✨
