Ronda Roaring, Ted Crane, Ames Brown

Supervisor Dietrich called the meeting to order and led all present to the Pledge of Allegiance to the American flag.

Change to the Agenda

Item No. 2 - West Danby Water District Evaluation Project

Dave Herrick from T.G. Millers Engineering, Mr. Herrick met with Council person Beavers, Sue Beeners and Roy Casterline to talk about the needs of the West Danby Water District. Mr. Herrick presented the Board with an Agreement in connection with the Study and Report Phase for the West Danby Water District, and Water System Evaluation. He has put together a scope of services in a very formal agreement format and will be happy to discuss any of the scope services that are outlined. A total fee for their services is estimated not to exceed \$11,800 inclusive of reimbursable expenses. He explained what the hydraulic model and what it does and how it helps engineers.

Members of the Public

Ronda Roaring addressed the Board with concern about the trash along the roads. She would like the town to have a trash pick-up.

County Representative Report

County Legislator Frank Protop reported on the following:
- Trash pick-up - One of the drawbacks on trash pickups is that property owners must put tags on bags. Getting together volunteers may work and it is possible to obtain free tags to put on bags left along the roadsides.
- Tompkins County Budget - Sales Tax revenue to the County was down \$1,000,000. Payment was for only \$500,000.
- Governor's Budget was approved.
- Bus Transportation - Bus usage has increased. They are looking at replacing 4-6 large buses for rural routes. It takes two years to get one bus.
- Radios - there are eight radios (emergency radios) for the Town of Danby
