**The Public Hearing regarding the 2011 Danby Town Budget was called to order at 7:08pm.**

PLEASE TAKE NOTICE, that the Town of Danby Town Board will hold the following Public Hearing on November 15, 2010 at the Danby Town Hall, 1830 Danby Road, Ithaca, NY:

7:00 p.m. - PUBLIC HEARING to consider approval of the proposed 2011 Budget. A copy of the tentative budget is available for review at the office of the Town Clerk, 1830 Danby Road, during regular office hours Tuesday-Friday 10am to 5pm and Saturday 10am to Noon. All persons will be heard either in writing or in person. A meeting to consider voting on the budget will be held subsequent to the public hearing.

**Questions from the Public:**

Ted Crane asked what a \$1,000 change in the Town budget would mean to taxpayer with a \$100,000 house? Shawley said that \$6,000 equals about 1% change in the tax rate. Asked whether this might equate to \$5 per \$100,000 assessment, Shawley said that she thought it was much less.

Joel Gagnon asked why there was an increase in the mortgage tax income line. Shawley explained that, previously, the Town has used a conservative approach by underestimating this amount. This year a more realistic amount was written into the budget, in order to have a more favorable impact on taxpayers. While \$10,000 is not being raised through taxes, Shawley stated that the amount in the current budget remains a conservative approach.

Halton requested that a list be generated of capital expenditures anticipated for the next four years. The Board agreed that this would be a useful planning tool for future budgets. Shawley agreed to get this out of her head and onto paper. A short discussion followed regarding the level of reserves for replacement of currently aging highway equipment. The pros and cons of leasing to buy vs. bonding for equipment replacement were discussed. Shawley is clarifying the legality of different options with the State Comptroller's office.

Ronda Roaring made a statement. She thanked the Town Board for keeping Danby, "in the black" but expressed disappointment that she has not received information about the average number of hours worked by the Town Clerk, members of the Town Board, and the Justices. She stated that this did not meet the Democratic platform goal of transparency. She asked for a commitment for when this information would be provided. The bookkeeper and clerk both assured Roaring that reports on hours worked are in process, as part of a civil service requirement. Hours will be logged in January 2011.

Roaring also encouraged the Town to explore options for income other than taxes, such as dog license fees and fines, code enforcement fees and fines, littering fines, and a possible Town surcharge on speeding tickets. These remarks led to a discussion about how regulations are enforced, whether in a planned or a reactive way.

Gagnon commended the Board and bookkeeper for moving in the direction of having budget figures more realistic.
